

Arthrex commends the valued contributions that philanthropic organizations make to better the lives of people in our community.

While there always may be special circumstances or considerations, Arthrex generally no longer gives to fundraising events. Instead, we support charitable efforts through general donations to the organizations. Please keep this in mind when making donation requests.

All organizations requesting funding from Arthrex must complete a Letter of Intent (LOI) grant application once per year. Completed LOIs should be submitted during our application window from **July 1 – September 1** of each year. All requests are reviewed by the Arthrex Charitable Giving Committee and should align with one of Arthrex's charitable focus areas:

- Health and Wellness
- Education
- Community
- Foreign Aid

Organizations will receive a response from Arthrex by **December 1** of each year.

Arthrex is dedicated to making people's lives better around the world. If there are other ways Arthrex can be of support to an organization, especially through employee volunteerism, please let us know.
